- In the 10 largest French cities
- At a 5km radius from the center in highly frequented area
- Except for Paris where the radius is at 10km

x PERISCOP AGENCE MEDIA

RESULTS

Gain of acknowledgement towards Pierre Lannier thanks to a relevant geo targeting for maximum reach

The mobile programmatic survey sent via Happydemics gathered 300 respondents. This survey highlighted an increase in the brand's visibility within the watches market. Furthermore, we learned that this campaign allowed Pierre Lannier to gain in special intent. It means that the exposed people are more willing to take actions regarding the brand.
